

Landcruiser Hub & Pinion Hilux & Patrol Front Hub **Extreme Seal**

"An innovative adaptation of existing technology"

The "cassette" type heavy duty truck seal applied to your 4wd. A fully trialed and tested seal giving optimum dust and water protection and excellent lubricant retention. Having specially designed carbon impregnated hydrogenated nitrile rubber (hnbr) sealing and wiper lips fully enclosed in a prelubricated cartridge assembly. The result is no abrasive sealing lips contacting the axle. Therefore eliminating expensive shaft repairs.

**Available Now STANDARD in all of Roadsafe 4WD
Nissan Swivel Hub Kits - GQ (SHBKT13B) & GU (SHBKT14B)**

**Available also in Landcruiser kits by request, at
additional cost.**
