

# Suspension Lift Block Kit

## 50mm Lift - Rear - To Suit...

### D40 Navara, Triton & 05-on Hilux

Roadsafe 50mm Rear Suspension Lift Block Kits are great for levelling up the ride of your vehicle, or giving you added lift, and can be used in conjunction with Coil Strut spacers (in the front) without changing your genuine ride quality.

Supplied complete with extended U Bolts & lift blocks to suit for 2.5" springs. One kit required per vehicle.

Roadsafe Suspension Lift Blocks are manufactured from mild steel so that they can resist damage from debris, and do not become brittle in extreme temperatures or when subjected to moisture.
