

Rear Sway Bar Kit Landcruiser 79 Series

Roadsafe now have available a handling solution for the 79 Series Landcruiser supplied factory without OE sway bar. The new BTR90 kit includes a 27mm Heavy Duty Whiteline rear sway bar and mounting hardware to suit, and suits to the 79 series without OE sway bar & OE D bushing mounting plates on diff tube. The Whiteline 27mm fixed position sway bar (non adjustable) once installed offers more grip, better handling & improved outright performance.

BTR90 kit includes:

- Heavy Duty Rear Sway Bar
- Sway Bar Links
- D Brackets & Bushings
- Spacer Blocks
- Lateral Locks
