Roadsafe – GQ Patrol ½” Drive Hub Socket

Roadsafe Automotive, distributor of Australia’s largest range of Steering and Suspension components, have added a ½” drive 54mm hub socket to suit for the hub setup on the early GQ Patrols.

The new Hub Socket is a perfect complement to the late GQ/GU pin/slot style Hub Tool already available.

For more information, or a distributor near you, please check out the Roadsafe website www.roadsafe.com.au or contact Roadsafe on 1300 651 551.
