

BLACKHAWK

"Firesticks"

Ever had issues with campfire cooking? Trying to balance your frypans on logs that burn out, ash in the food, burnt food from being too close to the flames? Roadsafe 4WD now offer you a solution with Blackhawk 'Firesticks' - Campfire cooking made easy!

Offering you the Ultimate in Campfire Cooking, simply plant the end supports on each side of the camp fire, with horizontal crossmember across the fire, then use the height adjustable hanging hooks to position your hanging frypan or pot at the desired cooking height.

Hanging low, or high, the height adjustable hooks make it easy to get that campfire cooking right! No more burnt bacon or snags! No more boiled out dry billy!

With Roadsafe 4WD 'Firesticks' your Campfire Cooking is Made Easy!

Due August!

"Firesticks"
