Roadsafe are pleased to announce the addition of the Drivetech 4x4 Enduro Lift kits to the expanding 4WD range. Drivetech 4x4 Enduro Suspension Lift Kits are engineered for ultimate suspension performance. They contain everything you need to successfully raise your 4WD for increased on road comfort, and off-road performance.

The new range of kits are available now from Melbourne warehouse. Stock will be available ex. Brisbane warehouse for September 1st.

Kits include the high quality Drivetech 4x4 Enduro Heavy Duty Nitro Gas Shocks with 54mm External Tube, 35mm Internal Bore, 16-18mm Chromed Piston Rod designed in Australia with heavy Duty Construction to meet our demanding conditions.

Kits include all necessary components as you would expect, dependent upon their 'type'. (See table below for outline).

Kits are offered in three 'load' styles. This is simply designated by the part number suffix.

- **Heavy Duty (H)** kits are designed to have minimal or light accessories only fitted ie. Alloy bull bar.
- **Heavy Duty with front Accessories (JH)** kits are required to have a least a steel Bullbar fitted.
- **Extra Heavy Duty (J) Constant Load kits** are designed to have weight spread across the vehicle ie. Steel Bullbar, Winch, Dual Batteries, Canopy, Toolboxes etc. fitted to front & rear

All packaged on an individual skid per kit, ready for despatch!

Kit Type	Front Of Vehicle							
	Shock Absorbers	Coil Springs	Leaf Springs	Torsion Bars	Greaseable Shackles	Greasable Pins	Spring and Shackle Bushings	U- Bolts
Coil / Coil	Yes	Yes						
Torsion Bar / Leaf	Yes			Yes				
Leaf / Leaf	Yes		Yes		Yes	Yes	Yes	Yes
Coil / Leaf	Yes	Yes						
Torsion Bar / Coil	Yes			Yes				

Kit Type	Rear Of Vehicle						
	Shock Absorbers	Coil Springs	Leaf Springs	Greaseable Shackles	Greasable Pins	Spring and Shackle Bushings	U- Bolts
Coil / Coil	Yes	Yes					
Torsion Bar / Leaf	Yes		Yes	Yes	Yes	Yes	Yes
Leaf / Leaf	Yes		Yes	Yes	Yes	Yes	Yes
Coil / Leaf	Yes		Yes	Yes	Yes	Yes	Yes
