

Return to Centre Steering Damper Cruiser & Patrol

Due to customer demand, we have put together some awesome front end kits featuring the popular rods & return to centre steering dampers. With four Return to Centre Steering Dampers available now, we have put kits together to suit for...

- Toyota Landcruiser 60 70 75 78 79 80 105 Series
- Nissan Patrol GQ Y60 (Pin/Pin)
- Nissan Patrol GU Y61 (Pin/Pin)
- Nissan Patrol GU Y61 (Eye/Eye)

Roadsafe Return to Centre Steering Dampers...

- Reduce shimmy from wheel, vibrations and wobbles as well as replacing stock Stabilizer when fitting oversize tyres and wheels.
- Ensures steering wheel will always return to a straight ahead position as well as giving it superior steering control over poor and off-road conditions.
- Reduces driver fatigue with coil spring self-centering the steering.
- Greater control of steering on both on and off-road with less 'fight back'
- Great Value for greater control after a lift kit has been installed keep steering straight.
