

Tail Shaft Spacers - 25mm

Patrol & Landcruiser

TSSPAT

Part Number: TSSPAT
Bar Code: 9319478621497
Patrol 25mm - suits front & rear

TSSLCR

Part Number: TSSLCR
Bar Code: 9319478621503
Landcruiser 25mm - suits front & rear
(also suits a variety of other applications)

Roadsafe are pleased to expand the range of Tail Shaft Spacer Kits to now cover Nissan Patrol & Toyota Landcruiser.

Tail Shaft Spacers are required on the Patrols when you have a large amount of lift and the tail shaft is in danger of separating at the slip joint. The Tail Shaft Spacer simply mounts between the tail shaft flange and the diff flange. Kit includes longer high tensile bolts necessary for installation.
