# Heavy Duty Tow Points

## Ford Ranger PX / BT50 Gen II

The new heavy duty PX Ranger / BT50 (II) Tow Points are an awesome bit of kit. These are tough. They look tough, they act tough - they weigh in at 7.5 kgs each! FEA Tested during development and rated to WLL5000kgs, the RP-RAN02 was designed to include a few trick features that make them so easy to fit. From the locating pins, to the lead in bolts, and locating hooks on the washer, the RP-RAN02 simply just bolt up! Designed for fitment without a bull bar, RP-RAN02 are supplied complete as a bolt on pair (if bull bar is fitted, modifications might be required to the bar bracket and/or additional hardware might be required).
