The MISTER HITCHES Heavy Duty Long Reach Ball Mount Hitch gives you a little bit of extra room when attaching your trailer or caravan to your vehicle. This hitch has been manufactured to fit either an aftermarket or factory fitted 50mm square hitch receiver tow bar. It has been designed to add a bit more flexibility to any towing hitch setup. Whether your hitch receiver is located in a difficult position under a ute's tray, or simply to ensure a good turning circle on a larger vehicle.
