

## EVERYTHING OLD IS NEW AGAIN WITH ROADSsafe CLASSIC

The new Roadsafe Classic Range has been established with complete restoration in mind. With parts designed to replicate the old 'look' manufactured with the latest technology and materials. So restorers get the best of both world - Old school with a modern twist! With over 20 part numbers available now, and an additional 20 on their way the new Roadsafe Classic range will soon cover the majority of chassis components for the early Fords & Holdens.
