

DIESEL FUEL CONDITIONER

— WITH CETANE BOOSTER —

- 4 point cetane boost for increased power, engine efficiency, and vehicle drivability
- Prevents lower temperature range fuel flow problems at cold start (-1°C)
- Contains operator safe, non organo-cyanide based biocide to treat diesel bug
- Suitable for older and newer diesel fuel systems
- Suitable for low sulphur fuel and fuel with moisture present
- Lubricity agent minimises engine wear & tear
- Contains de-polarising agents and high-performance corrosion inhibitors
- Dissipates moisture to reduce risk of injector tip damage
