## **STB-BOOT**

Part Number STB-GUBOOT  
Patrol STB Boot Kit - suits 12mm Bolt  
Barcode 9319478650107  
RRP\* \$9.95

Part Number STB-GQBOOT  
Patrol STB Boot Kit - suits 10mm Bolt  
Barcode 9319478650091  
RRP\* \$9.95

New boot kits available to upgrade your STB8828ET & STB8833ET Roadsafe Patrol Extended Sway Bar Links.

You can now upgrade your links to include dust boots to aid in grease retention and improved longevity of the rose joint ends. Greasing of ends, regardless of dust boot application, is required at regular service intervals. Failure to grease these ends will result in premature wear of the components.
