

Brake Proportioning Valve Bracket Hilux 05-on

Roadsafe have extended the range of existing Patrol/Cruiser Brake Proportioning Valve Brackets to include a new 'adjustable' version for the Hilux 05-on.

The Roadsafe BPVHIL has been manufactured 300mm long centre to end, with adjustable thread, to allow for the bracket to be trimmed to the desired length (allowing for 100mm of adjustability).

Replaces OE Part Number 47936-0K020 (genuine number used for reference purposes only).

BPVHIL

Part Number **BPVHIL**
