Peach Online

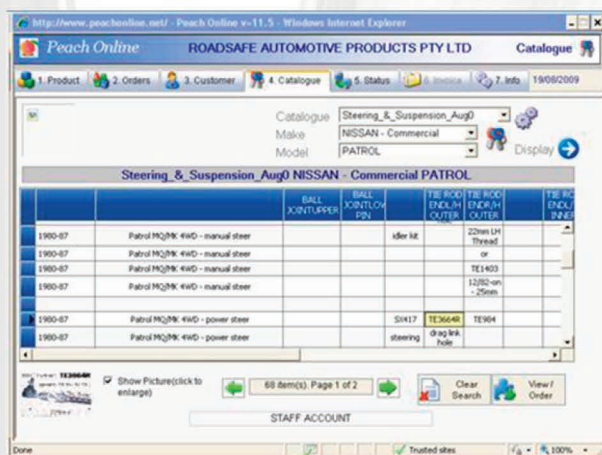

If you don't have EzyParts, on offer to our Reseller customers is the Peach Online catalogue and ordering program. Peach Online is a comprehensive 24 hour live catalogue and ordering system that will save you both time and money.

The system is extremely easy to use. Below are only some of the functions that will be available to you any time of day and night. Orders can be placed on the weekend and will be processed first thing Monday morning to ensure the quickest dispatch available to you.

Key Features include:

- Check stock availability & pricing – live!
- Access information – 24 hours a day – 7 days a week
- Place online orders
- Check your current outstanding balances and unpaid invoices
- Reconcile your account
- View any open orders awaiting shipping & invoicing
- Retrieve and print copy invoices and statements
- Up to date catalogue information with various product pictures – including an online version of Australia's most comprehensive Steering and Suspension Catalogue
- Check for monthly specials on the information page

Peach Online is offered to you – Free of Charge!
