DRIVELINE BREATHER KIT CUSTOMISE TO SUIT YOUR VEHICLE

KEY FEATURES

- Stops water entering your differentials, transmission and transfer depending upon fitment options.
- Suits for 2 port or 4 port installation.
- Quality 8mm breather hose in spring style design flexible polyurethane for improved install, operation (suits long travel) and hose longevity.
- High quality stainless steel fittings.
- Billet machined T6061 aluminium manifold.
- Compact design.
- Rear mounted washable filters sit out of sight and away from the elements.
- Isolated ports protected from contamination in the event of mechanical failure or flow back.
- Comprehensive fitting kit.
- Can be plumbed into the vehicles airbox to maximise the potential of uninterrupted air supply if the vehicle happens to be submerged underwater temporarily.
