

# HIGH OUTPUT E-COATED ALTERNATORS

- 12 month warranty\*
- Engineered & tested for tough Australian conditions
- Heavy duty internal components
- Linear power delivery
- Units to suit most popular 4x4 models
- Enhanced with a 9 stage E-Coat process that provides a protective barrier against corrosion, while making the treated surface anti-spark and non-flammable
- High Output – delivering up to 100% higher output (compared to manufacturers original equipment)
- Designed to suit the most demanding user requirements, including dual battery setups, refrigeration, winch systems and external lighting upgrades

**DESIGNED FOR OUR TOUGH AUSTRALIAN CONDITIONS**
