QUICK ADJUST ADJUSTABLE BALL MOUNT

Another quality product by MISTER HITCHES.

This popular Quick-Adjust Hitch has now had a makeover as we continually look at ways to improve our product offering.

This hitch has now been fitted with a thicker 7mm "U" bracket and an Anti-Rattle bolt to give additional strength and to reduce the rattling noise of the hitch. This hitch comes with two 10,000kg Double Shear rated pins and clips.

This fully reversible (both shank & ball platform) adjustable hitch gives 16 stages of quick adjustment.

16 ADJUSTMENT POSITIONS
